Plan Description

A SUMMARY OF THE WYOMING CHAMBERS HEALTH BENEFIT PLAN

The Wyoming Chambers Health Benefit Plan is a non-grandfathered benefit Plan under the Patient Protection and Affordable Care Act of 2010. This means the Plan includes the mandated coverage(s) as required in the law for the benefit of Plan participants. For additional information regarding the benefits provided due to this legislation, as well as all other available coverage levels limitations, please refer to the Plan Declaration and the Summary Plan Document.

The Wyoming Chambers Health Benefit Plan is:

► A Welfare Benefit Plan established under Internal Revenue Service Code and applicable Department of Labor regulations.
► A Plan where contributions are held in a Trust that is directed by a Board of Trustees chosen from the member participants of the Plan.
► A Plan governed by the Wyoming Chambers Health Benefits Association Board, the Plan Sponsor, and its Board of Directors who assigns a Plan Administrator, retains Legal Counsel, Accounting & Auditing Services and other Administrative Services as needed for the management of the Plan; all working for the benefit of the participants.
► A Plan where claims are paid by the contracted Claims Administrator (TPA) as directed by applicable State and Federal laws, the Trust Document, the Plan Declaration and the Summary Plan Description(s) of the benefit programs offered and administered by the Association.
► A Trust which contracts with insurance and/or reinsurance companies in order to ensure the overall financial stability of the Trust and of the benefits offered. These contracts may change from time to time and are voted upon and approved by the Association Board and the Trust Board or its designee.
► A Plan where the benefits offered are reviewed annually to determine their viability for the members and participants. The Wyoming Chambers Health Benefit Association, with available contracted counsel and advice, may alter these benefits, remove a plan of benefits completely and/or add new plans for consideration, without the consent of participating employers or participating employees.
► A Trust that is participant-owned along with any surplus or deficits incurred.

Program Objectives

☑ More stability in insurance premiums, now and in the future
☑ Broader accessibility to health insurance and coverage options within the community
☑ Creation of a community-wide wellness mind-set and culture
☑ Education about access to a broader range of choices to promote better healthcare decision making

**Defined Contribution Healthcare**

For years, employers have provided benefits for employees and planned for those benefits to meet the needs of those employees and their families. The challenge for employers is that healthcare has become much more specialized and variable while benefit programs have adhered to a more “one-size-fits-all” model. Due to the evolving benefit needs of employees and their families, benefit choices must be available for employees to choose from to fit their individual needs.

One benefit plan **DOES NOT** fit all employees’ healthcare needs!

In a Defined Contribution Benefit Plan ...

**Employers Choose** the amount of money to allocate towards benefits. It may be a different amount for coverage level(s) (Single, Family, etc.) and the amount does not need to change annually.

**Employees Choose** the benefit program that best fits their needs and their ability to afford the premiums for that benefit plan choice. The amount of premium for coverage, which is more than the employer contribution, is withheld from employee compensation.

**Enrollment Requirements/Contingencies:**

◆ The employer must be a current member in good standing for at least 60 days, of at least one participating Chamber of Commerce, prior to Effective Date of coverage.
◆ Each employer must have a minimum of 75% of eligible employees participating for groups of 5 or more, and 100% participation for groups of 4 or less (after Qualified waivers). Minimum group size is 2 employees. Husband and Wife groups of two are eligible as long as both are full-time employees.
◆ Completed Employee Enrollment/Waiver Applications are required from each employee in order to qualify. Following underwriting, the entire employer group will either be accepted or denied coverage.
◆ The PLAN’s renewal date is July 1st of each calendar year. Regardless of when enrollment is completed, any changes to the PLAN rates and/or benefits will take place on July 1st. Open enrollment (the ability to add employees who waived coverage or dependents which had previously waived) is the month of June of each year for each participating employer (subject to HIPAA Qualifying Event rules).
◆ Premium Contributions are made by the employer directly into the Trust Account and are used as described in the Trust Document, Summary Plan Description and Plan Declaration. The Trust is governed by a Board of Trustees, elected as described in the Trust Document.
◆ Employer must contribute a minimum of 50% of the employee’s premium, or equivalent if multiple plans are offered. Paying too little of employee’s premium may have tax implications under the ACA (for Applicable Large Employers).

#### Notes:

- Plans 4 and 5 are Qualified High Deductible Plans, meaning they are qualified insurance Benefits for Health Savings Account rules and participation.

- In Plans 4 and 5, the Rx Discount Card is where 100% of the discounted price applies to deductible and co-insurance and is processed as any "other" type of claim.

**IT IS IMPORTANT** to seek care with a PPO Member physician and/or facility in order to protect financial exposure. This includes services from standalone laboratory services and physical therapy service entities. Do not assume ... check and make sure.

ONE of the only ways to maintain a “reasonable” outlook for the future of a benefit program is to be able to accurately assess the risks, and to assess those risks annually. The Chambers’ Wellness Initiative includes, for participating adults:
- A Health Risk Assessment
- Biometric Full Blood Panel Screening

Through this Initiative, participants will receive an annual overview of their current health and a “score” that goes along with it. The reports and analysis may be used by the participant with their Medical Provider as well as the Care Managers with the Plan.

By participating in the Initiative, the premium rate charged to a participating employer group is reduced.

ALL PLANS INCLUDE:

⇒ Mail Order Pharmacy
⇒ Medically Necessary Ambulance Coverage (Air and Ground)
⇒ Pre-Existing Conditions Covered
⇒ Unlimited Lifetime Maximum
⇒ $150 Co-pay for Non-Emergent use of Emergency Room
⇒ Out-of-Pocket Maximum = Deductible amount + Co-insurance amount + Doctor and Rx Co-pays
⇒ Includes Chiropractic and Physical / Speech Therapy Benefits (when medically appropriate)
⇒ Credit for the amount of Prior Group Plan Deductible Amount(s) (Transfer Credit for New Employers at Inception of coverage)
⇒ Dr. Office Co-Pay Limits (per visit)

100% for Office Visits - Co-pays included in Out-of-Pocket Maximums
100% for approved Lab & X-ray to $1,000 per year per person

⇒ Routine Wellness - 100% - Based on Physician Codes
  Includes Annual Exams, Wellness Mammograms, Pap Tests, Birth Control (Specific List)
  Wellness Colonoscopy and PSA Tests (other items included as medically appropriate)
⇒ Preferred Provider Organization (PPO) Benefits provided
  Non-network paid at the 60th percentile of Reasonable & Customary
⇒ Automatic Group Life Insurance with Matching AD&D ($15,000 per employee)
Self-Audit Billing Credit

The Plan offers an incentive credit to all participants to encourage examination and self-auditing of eligible medical bills to accurately reflect the services and supplies received by the participant or covered dependent. The participant is voluntarily asked to review all hospital and doctor bills and verify that he/she has received each itemized service and the bill does not represent either an overcharge or a charge for services never received regardless of the reason. The Benefit Services Administrator agrees to assist the employee (at his/her request) in determination of errors, and recovery attempts.

In the event a participant’s self-audit results in elimination or reduction of charges, twenty-five percent (25%) of the amount eliminated or reduced will be paid directly to the participant (subject to a twenty dollar ($20) minimum savings), provided the savings are accurately documented, and satisfactory evidence of a reduction in charges is submitted to the Benefit Services Administrator (e.g., A copy of the incorrect bill and a copy of the corrected billing.)

This self-audit credit is in addition to the payment of all other applicable plan benefits for legitimate medical expenses. Participation in this self-auditing procedure is strictly voluntary; however, it is to the advantage of the plan as well as the plan participant, to avoid unnecessary payment of health care dollars and any subsequent remaining balance (the plan member’s liability) on an incorrect billing.

This credit will not be payable for charges in excess of the Maximum Allowable Fee, regardless of whether the charge is or is not reduced. Maximum benefit of $500 per episode of care.
This is a partial listing of the Benefits and Exclusions provided under the medical plan and is NOT intended to provide complete details of benefits and/or exclusions and limitations. Please refer to the Summary Plan Description (SPD) for details of benefits, limitations and the applicability of these benefits to each situation.

- Obesity
- Occupational
- Personal comfort of convenience items
- Providing medical information
- Relative giving services
- Riot
- Sales tax
- Self-Inflicted
- Services before or after coverage
- Sex changes
- Smoking cessation (except under Preventative Care)
- Surgical sterilization reversal
- Telephone consultations
- Third Party liability
- Travel or accommodations (unless Centers of Excellence)
- Unwanted hair
- Vision care. Visual training or orthoptics
- War or Acts of War
- Worker’s Compensation

Section 125 - Section 125 of the Internal Revenue Code allows for the premiums paid by employees for employer provided group benefits to be withheld from employee pay on a pre-tax basis. The Wyoming Chamber Health Benefit Plan qualifies as an employer sponsored group benefit plan that could be offered under an employer's Section 125 plan. However, before an employer can offer pre-tax premium payments for his or her employees, the employer must adopt a separate “Section 125 Plan” and allow employees the right to choose whether they wish to participate. The claims administrator for the Wyoming Chamber Health Benefit Plan has sample documents and/or administration options an employer may need, in order to adopt a pre-tax Section in consultation with the employer's tax counsel. For clarification, please consult with your Agent or the Trust's consultant.
Centers of Excellence

In Health Care, as with all other issues of life, there are Doctors and Hospitals that do what they do better than others in their same profession. Many times, because they do their service so very well, it saves the patient recovery time, complication risks and cost of care. These Providers and Facilities are chosen due to their exceptional quality, competitive price, their location and number of procedures performed. For many types of diagnoses and treatment of health conditions, there are facilities that excel in treatment quality, low complication/high success rates, low mortality and aggressive pricing. Sometimes, it is better for the patient to even pay a higher price to ensure the higher quality. These Centers of Excellence also excel at the “cutting edge” of technology, diagnostic techniques and effective treatment methods.

For JOINT REPLACEMENT AND ORTHOPEDIC SURGERY.

University of Utah Medical Center
“One of America's Best”

“Over the years, our reputation of excellence has grown throughout the Intermountain West and beyond as we have been recognized as one of “America's Best Hospitals” for the 13th year and counting.”

Orthopedic Center of the Rockies

One of the premier Orthopedic practices in the Rocky Mountain region is based in Fort Collins/Loveland with physicians trained and qualified in most types of Orthopedic Care and intervention.

For NEUROSURGICAL NECK AND BACK SURGERY.

Poudre Valley Health Systems

“Poudre Valley Health System, based in Fort Collins, Colorado since 1925. With two hospitals, Poudre Valley Hospital in Fort Collins and Medical Center of the Rockies in Loveland, plus a network of clinics and care facilities, our mission is to provide quality, innovative, and comprehensive world class health care that exceeds expectations.”

In conjunction with Neurologists from the Front Range Center for Brain and Spine Surgery in Fort Collins, CO.

For CARDIOVASCULAR / HEART PROCEDURES.

Mayo Clinic in Rochester, MN

“Thousands of patients come to Mayo Clinic in Rochester, Minnesota every day for diagnosis or treatment of a medical problem. Patients can make their own appointments or be referred by a physician. Most patients are treated on an outpatient basis, meaning their evaluation, tests and treatments are done in the Clinic and they return to their home or lodging at the end of the day. Patients who require hospitalization are admitted to one of the three Mayo hospitals in Rochester.”

For additional details regarding the benefits and limitations of these programs, please consult the Summary Plan Description.
