July 17 – Mama's Wranglers (aka The Kid Fiddlers) from Las Vegas

Performing oldie western favorites everyone loves ("Ghost Riders in the Sky", "Orange Blossom Special", "The Devil Went Down to Georgia", etc.) Kid Fiddlers have entertained across the United States and Europe...from Branson to Las Vegas! Most recently seen at the ACOUSTIC GRASS MUSIC FESTIVAL. Folks packed the venue and returned again and again to see the amazing talent of these 'kids'. In this high-energy show, Kid Fiddlers play dozens of instruments from fiddle to banjo, guitar, and etc. Their 3-part harmony vocals will amaze audiences, and their clogging adds a whole new level of excitement. AUGUST 7 - The Mudcats from Minnesota A New Exciting Sound

Minnesota, Mississippi River, Mudflats, Montana, Mountains, Motorcycles, Makers Mark, and Music.

The Mudcats grew out of a blues jam at a bar called Duke's that sits on the bottomlands of the Mississippi River, a few miles downstream from South Saint Paul. Every now and then we get the urge to get away from the city and roll on out to the mountains of Montana. Not that easy to do when everyone in the band has their own band.
