SHERIDAN, WY, December 7, 2015 – Fly Sheridan is offering one-way fares as low as \$79 for a limited time, on a limited number of flights between Sheridan County Airport (SHR) and Denver International Airport (DEN).

Air service returned to the Sheridan County Airport on November 19th, 2015. To date, our partner airline, Denver Air Connection, has serviced 158 flights between Sheridan and Denver. Of those flights, 4 have been met with delays due to inclement weather (the longest delay was 1 ½ hours), while 2 were cancelled outright due to the early December storm that disrupted over 400 inbound and outbound flights. Denver Air Connection's early success rate of 98.75% is virtually unparalleled in the airline industry.

Sheridan's new air service is reliable, convenient, and comfortable, and the easiest, safest, and most scenic way to travel between Denver, Colorado and northern Wyoming. To celebrate the return of air service to Sheridan County Airport, Fly Sheridan is running a special fare sale through January 15, 2016. Details below.
